What's an event or series of events that defined your school year?

“This year, the color guard started a sister program with Milipitas High School and had performances for each other through Zoom. Even though it wasn't the performance I was used to, being able to find ways to continue performing and have a fun season defined the continual effort to do the best with the circumstances of this school year.”

KIRA SUN (10)

“One event that defined my school year was training with my cross country team every day after school. Our coach emphasized that our ability to adjust to the pandemic while staying motivated to train took grit and showed character. The way our cross country team trained defined our school year, which was full of compromise.”
